

Instructional Team Interview Questions

1. How much time did you spend on course activities?
2. How does the amount of time you spent on course activities compare to the time you would spend for an equivalent face-to-face (offline) course?
3. Which course activities consumed the most time?
4. Based on your observations of student assignments, discussions, and other course interactions, do you think students were generally successful at mastering the course objectives?
5. Overall, do you think the course achieved its objectives? Why or why not?
6. Do you think the church should offer more online courses? Why or why not?
7. What other comments or observations do you have about the course?
